

Homo sapiens genome assembly GRCh38.p14

Chromosome1---part1

ACC CCCCCCCCC CCCGCC CCCC CCCGCC CCCC

This genome book is generated by a large model based on language transfer capabilities, including DNA singles, sentences, and paragraphs. For reference only. <https://www.biorxiv.org/content/10.1101/2025.01.23.634629v1>
